## Section 1 – Introduction

This VRLRA Member Handbook is designed as a tool to assist all new and current Association members to navigate through the many issues, reporting protocols and behaviours of a Rugby League Match Official.

This is the fourth edition of the Handbook which should be part of every Referee's match day equipment as it serves as a reference to Laws of the Game, Safeplay Code, relevant Rules and Regulations of the League in which we provide a valuable service, and references match day protocols, processes and practices. Whilst we have experienced an incredible increase in members across the Melbourne Metropolitan and Murray Goulburn Leagues, availability remains an issue on a weekly basis; this year, it is hoped that we will have more members available to cover most – or all – matches each weekend.

The Handbook presents the VRLRA Executive with an opportunity to revisit our core functions and the behavioural expectations from all Members, including:

- Dressing appropriately in Association gear (or approved NRL Vic gear) when arriving at match day venues, and when departing after commitments;
- Speaking with respect to all Club officials and participants, even when challenged as a Match Official;
- Always facilitating matches in a respectful, courteous and impartial manner;
- Conversing, when appropriate, with Club Ground Managers – again, always with respect;
- Being supportive of fellow Referees, especially when mistakes may have been made;
- Never using threatening, abusive or foul language when at Club venues – on or off the field;
- Working as a team unit when a Referee and two Touch Judges are appointed to matches;
- Ensuring due diligence – boots and nails are checked, coin toss is completed well in advance of scheduled kick-off time, arrival at the venue is at least 30 minutes prior to kick-off, and that you are the first person ready to start the game – remembering to check that team trainers are in place and that the official table is ready to go!;
- Ensuring that you do nothing that may weaken or strain the current positive relationship between Referees and Clubs including, but not limited to, aggressive, over-officious or demeaning behaviour. Remember, they are volunteers giving of their time to the game;
- Individual and group training is both anticipated and expected; players, coaches and team/Club officials place a great deal of time and effort into their performances, so we should do the same. Prepare for every weekend well; prepare for every game well – this is the least that we can do for every participant trying to perform at their peak.

Best wishes for the Season ahead.

## Changing of Personal Details

Members must advise the Secretary in writing of any change of details. This may be submitted by email ([secretary@vrlra.com.au](mailto:secretary@vrlra.com.au)). **Members need to ensure their details are correct and updated in MySideline.**

This should be done within 14 days of any change of details. A member who has not changed their details and has missed an appointment as a result, will have no cause to complain.

Referees are being encouraged to supply an alternate email address. This email will be used when the initial email bounces. The appointments will be sent to both addresses.

## Section 2 – Appointments

- Appointments shall be issued by Wednesday 9p.m. If there is an unforeseen delay, members will be advised.
- **All members will be deemed available unless the VRLRA availability portal has been updated before midnight on the Monday night preceding the round.**
- Appointments will be entered into the VRLRA Portal, MySideline and sent to all members where an email address exists. Members will be notified by SMS and or e-mail. Usually, Senior competition appointments will also be posted on the Association's social media platforms.
- All members are to **accept** or **decline** their appoints for each week via the [VRLRA appointments portal](#)
- If a member has some clear conflicts of interest, the Executive may decide only to send them their personal appointments.
- Unless Members advise otherwise, all Referees will be appointed to matches with due regard for location, experience, capabilities and other areas of participation.
- For Final Series in competitive age groups, appointments will be based on “best Referee for the best game” scenario.
- Members are reminded that late changes cause a flow-on effect across the board and should refrain from becoming indisposed unless necessary.
- **As per previous years, a fine (amount to be determined by the VRLRA Executive) applies should a Referee not give enough notice or good reason (i.e.: personal emergency etc) for failing to update availability, accept and or decline appointments or fulfil their appointments.**

### General Information regarding appointments:

Referees will only be appointed on completion and return of the 2024 availability status form and, if appropriate, their Working with Children number. All WWC details must be entered in MySideline. If renewing or applying for the first time, the Association address (**71 Harrison Ave, Burwood VIC 3125**) can be added on forms so a copy is sent for recording purposes.

Referees will be appointed to fixtures based on the most suitable Referee for the fixture as determined by the appointments panel, in 2024 this is, Brian Michalowsky & Brad Levy of the VRLRA.

Referees will not be appointed to games where they have a potential conflict of interest. If a Referee has mistakenly been appointed to such a game, it is their responsibility to notify the appointments panel immediately.

As appropriate, Referees' attitudes, commitment, attendance and participation at training, and general demeanour will be taken into consideration when determining appointments.

On match day, appropriate process/behaviours include:

- Reporting to the Ground Manager (or appropriate official, such as the Referee Co-ordinator or Match Day Coach) at the ground, no later than 30 minutes prior to the Referee's first appointment of the day and by half-time of the previous match if coming from another ground, as well as reporting to the prior match Referee no later than at the half time break of the previous game.
- Remaining at the ground until the next game has commenced, unless notified by the appointments panel. If the next Referee has not arrived by half time of the game prior to his/her appointment, the appointments panel should be notified.

- Notifying the Referee Coordinator at the venue - by telephone - if you will be late to a fixture.
- Being dressed in on-field uniform and ready to check players 20 minutes before the advertised starting time of the fixture.
- Referees must be dressed in Association attire for both on-field and off-field, as per the guidelines.
- Referees must not arrive or leave a ground in their on-field attire unless coming from, or going to, another ground to which they are appointed.
- Respect Protocols – outlined in a separate section of this Handbook – are to be enforced by Match Officials prior to, and at the completion of, each match. It is imperative that teams are, therefore, ready to take the field for the coin toss and handshakes with opposing team players and coaches, several minutes before the scheduled kick-off time.

Touch judges may be appointed to any Saturday fixture (Under 13s to Seniors) depending on their age and level of experience.

Eligibility for FINALS appointments will depend on Referees completing appointments in the majority of trial/Pre-Season weeks (if held) and the majority of competition rounds. This will be measured proportionally when a member joins or becomes active mid-season.

Consideration will be given to Referees who miss games due to injuries sustained through Refereeing and training.

**CMO reports will be entered online via the CMO Reports Portal and the Referee will be notified when a report has been raised by an Association Coach. Although, coaches may prefer to raise the report in subsequent days, and provide a verbal report on the day; Match Officials must not leave the ground until they have spoken with the coach.**

## Section 3 – Match Day

### Preparation, Arrival and Departure

Any member appointed to, or present at a ground, or attending a meeting, training or event in their capacity as a Referee must not wear any item of clothing that is, or could be linked to, a club within NRL Victoria. Any member who is also a player may not wear Refereeing uniforms in their capacity as a player or in the presence of their team.

When a member is acting in an alternate capacity (Player, Coach, Manager, Trainer etc), their behaviour in that role is still considered as reflecting on the Association and shall be subject to the same disciplinary procedures as all members.

No member over the age of 18 may be an Active Referee, Referee Coach or Committee Member without first providing a Working with Children Card as provided by the Victorian Government (unless exempt, e.g., Teachers, Police Officers, etc). A person who turns 18 during the season or joins the Association will have 4 weeks to provide this clearance.

Members must always behave in a manner which reflects well on the Association and its positive relationship with NRL Vic Clubs and volunteer participants.

It is expected that Match Officials will prepare appropriately for all matches, including the arrival at venues at least 30 minutes prior to their first appointed match, and that they will be dressed in Association-provided gear (Association track suit, polo etc.) and that they will leave in the same gear following the last appointed match for the day (unless travelling to another venue to officiate in additional matches).

**Prior to the commencement of any match**, the Referee needs to sight the relevant Sports Trainers assigned to the game; **the onus will be on the Clubs to ensure trainer compliance, not the Referee.**

For matches 6 and 7 years:

- 1 Trainer (min. League First Aid qualification) for up to 4 matches on an international size field;

For matches 8 and 9 years:

- 1 Trainer (min. League First Aid qualification) for up to 3 matches on an international size field;

For matches 10 – 12 years:

- 1 Trainer (min. League First Aid qualification) per match;

For matches 13 - 15 years:

- 1 Trainer (min. League First Aid qualification) per team, per match;

For matches 16 years and above:

- 1 Trainer (min. Level 1 Sports Trainer qualification) per team, per match.

Shirt Colour	Accreditation
Yellow	LeagueSafe Trainer
Green	League First Aid
Blue	Level 1 Sports Trainer
Orange	Level 2 Sports Trainer

## Dismissals and Replacements

It is a requirement that when a player has been formally dismissed from a game, that a dismissal report be completed.

In all cases where there is a replacement, dismissal or Code of Conduct breach, the Referee must notify the Secretary (Bernard Roache) via phone call or text message (0419 567 187).

Dismissals and replacements are now handled via online forms located on the “Resources” page on the VRLRA web site. Click the following link to navigate to the “Resources” page: [Resources \(vrlra.com.au\)](https://vrlra.com.au)

**Where possible the online form/s should be submitted on the same day/night of the incident taking place.**

## Replacement Reports (6 – 12 Years)

It is a requirement that when a player is replaced for the remainder of the game (not for a period of play), that a report be sent – like a dismissal report in senior grades. Again, the online form needs to be submitted within 24 hours of the on-field replacement (but preferably on match day/night).

Referees are to note any dismissal/replacement for the match on MySideline; the Referee need only reference that dismissals/replacements have been accurately included in the match details by the team representatives at the Official Table on match day. They should then complete the more detailed online form of the incident/dismissal.

## Incident Reports

**Incident Report forms** are available online and can be found on the Resources pages of our web site: [Resources \(vrlra.com.au\)](https://vrlra.com.au)

Referees must submit an Association-developed Incident Report if:

- An incident requires reporting, and subsequent action by the VRLRA and/or NRL Victoria;
- The Member is reporting poor match day operations at a venue;
- The Referee has prematurely terminated the match for any reason.

Each report must be accurately completed. It must contain the details of the incident and must be factual. Reasonable effort must be made to identify any person in breach of the relevant Code of Conduct (player, trainer, coach, team official, etc.). If this cannot be confirmed, the report should say that identification could not be confirmed.

Reports should not rely on hearsay when identifying a person. An identification that is done this way should name the person who identified them.

If a game is terminated early by someone other than a Match Official, the Referee should send a note to the Secretary explaining:

- The reason for termination, and
- The person authorising the termination of the game

If you have any questions regarding dismissals/replacements, Code of Conduct or incidents, please contact the VRLRA Secretary ([secretary@vrlra.com.au](mailto:secretary@vrlra.com.au)).

## Cancellations/Adverse Weather Conditions/Poor Ground conditions

**NRL VIC Rules and Regulations - Section 14. Cancellation of Matches, Postponing Matches, and Uncompleted Matches**

### 14. Cancellation of Matches, Postponing Matches, and Uncompleted Matches

- 14.1 Matches may only be cancelled due to the following reasons:
- Closure of grounds by council
  - Ground conditions are determined to be unsafe (see 14.6)
  - Adverse weather (see 14.10)
- 14.2 Any game cancelled by the reasons stated in 14.1 shall be declared No Result and teams allocated competition points as prescribed in 16.1 and a match score of 0-0.
- 14.3 Any game cancelled by the reasons stated in 14.1 may be postponed to be played at a later date subject to written request being made to NRL VIC no later than 5.00pm of next business day after the originally scheduled game. Approval may be considered subject to approval of both competing teams/clubs and availability of referees, otherwise original schedule will remain.
- Clubs must provide confirmation to NRL VIC of agreed time and date of re-scheduled game no later than 5.00pm five (5) business days after originally scheduled game. Should clubs fail to agree or meet these conditions No Result will be recorded against the game as per 14.2.
- 14.4 Any game may be postponed for any other reason deemed appropriate by NRL VIC and played at a later date subject to written request being made to NRL VIC no later than 5.00pm of next business day after the originally scheduled game. Approval may be considered subject to approval of both competing teams/clubs and availability of referees, otherwise original schedule will remain. Clubs must provide confirmation to NRL VIC of agreed time and date of re-scheduled game no later than 5.00pm five (5) business days after originally scheduled game. Should clubs fail to agree or meet conditions of 14.4 the game shall be declared Abandoned with no competition points awarded as prescribed in 16.1.
- 14.5 Any postponed match must be completed with result formally submitted to NRL VIC by 5.00pm of Tuesday immediately prior to the first week of scheduled finals. Any team who confirms in writing with NRL VIC to play a postponed match and does not fulfill its requirements to do so will be deemed to have forfeited the match and all applicable rules under 15 Forfeits shall apply. Should the postponed match not proceed other than for reasons of forfeit the game shall be declared Abandoned with no competition points awarded as prescribed in 16.1.
- 14.6 For a match to be cancelled where ground conditions are determined to be unsafe under 14.1 b., **this shall only be on the basis that the ground is declared unsafe** and not on the basis the ground is not considered to be in most ideal condition for play. A ground can be declared unsafe at any time and can only occur when:
- The Official Ground Manager determines the ground to be unsafe (note 11.4).
  - If both teams declare and agree the ground unsafe.
- 14.7 If only one team declares the ground unsafe and refuses to play this team shall be determined as forfeiting the match.
- 14.8 A referee does not have the authority to declare a ground unsafe and cancel a match.
- 14.9 Referee fees will only be payable for matches cancelled where ground conditions are determined to be unsafe under 14.1 b. This will be the responsibility of the host club. Referees fees will not be due for matches cancelled for any other reason.

- 14.10 A match may only be cancelled due to adverse weather under 14.1 c. by the referee. Adverse weather is determined as extreme weather that has potential to affect the health and wellbeing of participants (examples being extreme heat, lighting strike, etc.) or conditions become unplayable where it is not possible for players to conduct an ordinary game of rugby league (examples being extreme gale force wind, excessive puddles or muddying where it is not possible to play-the-ball or kick the ball or other basic elements of the game is not possible, etc. Not being able to see lines is not an acceptable reason to cancel or cease playing or stop a match).
- 14.11 A match that has been forfeited for any reason by either team, or once match is started and is unable to be completed due to insufficient number of players in a team (note 15.5), then the match shall not be considered a cancelled match and cannot be postponed to be played at a later date.
- 14.12 Should a match not be able to be completed after commencement (ie. kick-off has occurred) through no fault or deliberate action of either or both teams then the result shall be the score of the match at the time the match was unable to be continued (note 15.5).

### Player of the Match Votes

Referees who officiate in Senior Men's (First Grade, Second Grade and Third Grade), Senior Women's (First Grade) and Under 18 and Under 16 Boys and Girls competition matches are required to allocate "Player of the Match" votes on a 3-2-1 basis.

Votes should be noted by the Referee and sent via the Microsoft Form provided by NRLVIC no later than 12 noon on the Monday following the match. The special online form link will be sent in advance to all registered Match Officials prior to the commencement of Round 1, and on a weekly basis throughout the season as a reminder.

***Votes in other competition age groups (13 – 15 years) will be advised closer to season commencement should these be required.***

### Tough Love Policy

NRL Victoria takes a zero-tolerance approach on the following:

- (1) Zero tolerance of striking or punching
- (2) Zero tolerance of fighting or melees
- (3) Zero tolerance of attempted striking or punching
- (4) Zero tolerance of Match Official abuse

**Players must be dismissed from the field for any of these offences and will be dealt with under the NRL Vic Tough Love Policy by the League.**

**The full Tough Love Policy is attached at the back of this Handbook.**

## Match Duration and Time-off

The following table outlines the duration of matches and where time-off is taken:

Please note that the Match Referee has the discretion to start the clock (using common sense) at the scheduled starting time. NRL Victoria has advised that if anyone interferes with this process, then this should be reported, as it is now explicitly listed as an offence under the League's Rules and Regulations.

## Section 4 – Education/Accreditation

All members must be registered in MySideline and be either members of the VRLRA or NRL Vic Referees. Registration provides the League with access to accurate accreditation details so that members cannot be appointed to matches for which they are not eligible. It also provides the Match Official with the appropriate insurance cover under the NRL Victoria policy.

It is expected that all Referees participate in an annual training and development session so they can be updated on aspects of Officiating such as:

- National methodology (Tackle types, Tackle identification, positioning, vocab to the ruck, infringement indicators, etc)
- Laws of the Game – updates on new Laws for the 2024 Season
- Safeplay Code – update on changes to the Code, and any aspects of the Code which merit revisiting
- Accreditation changes and Member status
- Touch Judging – changes and refresher on roles and responsibilities

**NOTE: 2024 ANNUAL UPDATE will be held from 11.30am on SUNDAY 24 MARCH 2024 (Venue: State Sports Centre, Seabrook Reserve, Broadmeadows.).**

## Referee Respect 2024

Aims:

1. To improve the Rugby League environment at all levels
2. To compel participants to take greater responsibility for their actions
3. To promote the core values of our Code and to educate parents, coaches, players, and officials on the philosophies of the junior game
4. To promote a greater level of compliance around the Game's Code of Conduct
5. To recognise and reward clubs which clearly demonstrate the highest standards of RESPECT and proper behaviour at matches
6. Valuing the rich history of Rugby League
7. Setting high standards of decency, whatever our role within the game
8. Acknowledging and appreciating that participants all have a role to play
9. Always demonstrating due regard for the feelings and rights of others.

In 2024, a Referee Respect Round will be scheduled by NRLVIC (dates to be determined), and consideration is being given to a range of initiatives. More discussion and information will be provided at the Annual Update on Sunday 24 March 2024.

## Training

Training will be advised in advance and will generally be held in both East and West Melbourne locations, with some sessions combined – particularly when important information needs to be imparted or re-emphasised to members.

Attitude towards attendance at training will count for appointment priorities where two or more members may be vying for certain positions come Final Series time. Obviously, there are exemptions from training for those who may work night shift or have conflicting appointments, however, as a general rule, members should make the effort to attend as many sessions as possible. There will be many occasions where situations have arisen across a weekend that can be imparted to attendees at training, so they are aware of various – application of a Law, incidents, venue issues, etc.

**Group training sessions will be scheduled during the Season, whilst regular sessions will be held on both the East (South East Titans, Greaves Reserve) and West (Werribee Bears, Haines Drive Reserve) sides of Melbourne, commencing at 6:30pm.**

## Meetings

Executive Meetings will be held on the first Monday of each month, commencing in February 2024. General Meetings will be held on Sunday 24 March, Tuesday 7 May, Tuesday 2 July, and Tuesday 3 September – either Face-to-Face or via Zoom video conferencing.

The VRLRA/NRL Victoria’s Annual Update has been scheduled for Sunday, 24 March 2024.

The VRLRA AGM will be held on Saturday 16 November 2024.

## Section 7 – Pathways and Officiating Opportunities

In 2024, Melbourne Storm will field teams in the NSWRL competition including Harold Matthews Cup (Under 17), S G Ball (Under 19), and Jersey Flegg (Under 21).

This means that Referees and Touch Judges from Victoria will be provided the opportunity to officiate in matches – both in Melbourne and in NSW.

A small squad of Match Officials will be selected to train and participate in these representative fixtures, drawing on training programs and development tools provided by the High-Performance team at the NSW and National Rugby Leagues.

Selection of Match Officials will be based on several factors:

- Level of fitness
- Mastery of the national Methodology
- Aptitude – both on and off the field
- Proven record at a high-performance level of officiating

All matches are recorded, and a thorough analysis of performance is provided to each Match Official to ensure appropriate feedback and ongoing development.

Victoria will also be provided with the opportunity to send Match Officials to the CAS (Combined Affiliated States) Carnivals featuring Senior Men’s, Senior Women’s and also to various carnivals featuring Under 16 and Under 18 Schoolgirls and Under 15 and Under 18 Schoolboys.

We will continue to seek other opportunities for our Match Officials including in:

- National Under 12 School Championships
- NSW Combined Catholic Colleges – Under 15 and Under 18 Trials
- NSW Combined High Schools – Under 15 and Under 18 Trials
- Laurie Daley and Andrew Johns (NSW Country) Competitions
- Various carnivals played in NSW and Queensland – on an invitational basis
- Other State League Competitions – WA, SA and NT
- Exchanges with other Associations across NSW and Queensland.

## Section 8 – Other Matters

1. Remember, the **Sin Bin is not used for foul play**: this means it must NOT be used for the following:
  - Kicking
  - Tripping
  - Striking
  - High Tackle (contact with neck and/or head during tackle)
  - Dropping Knees
  - Dangerous throw

For Foul Play, the Referee can only use the power of dismissal if warranted. However, the Sin Bin can be used for repeated infringements.

2. Should a match be **forfeited** on game day, and teams are willing to participate in a “scratch match” with an even number of players (and not playing for competition points), Referees should facilitate the match if requested.
3. **Change to Match Conditions: (Reference: NRL Vic R & R 2024 - Section13.5)** The **Points Differential Rule** shall apply to all age groups from Under 13s to Under 18s only under the following conditions only when the points differential in the match score between the teams reaches 40:
  - a) The trailing team’s coach will have the option to enforce the following in part or in full at their sole discretion:
    - I. Team numbers of both teams will be equalised if trailing team has less available players on field of play (e.g. the trailing team has only 9 players able to take to participate on field, the leading team must field only 9 players); and/or
    - II. A tap restart by the trailing team at halfway will occur following any tries being scored by the leading team.
  - b) The referee must be informed of the decision at the time it is enforced, however it is at the trailing team’s coach’s discretion only and once enforced cannot be reversed;
  - c) The leading teams’ coach must adhere to this if enforced and is encouraged to consider the following adjustments prior this occurring (but not limited to);
    - I. Playing players in different positions;
    - II. Giving more game time to bench players;
    - III. Reduce number of players on the field;
    - IV. Instruct players to submit to tackle upon touch.
  - d) Should any items of 13.5.a. be implemented during a Boys’ Under 18 match, the interchange limits under section 25.4 shall not apply for the remainder of the match.

## REMINDER: 2023 Law & Methodology changes for local community Rugby League matches:

### Law changes:

Offside infringements at scrums – a full penalty will be awarded for offside scrum infringements by the defensive team anywhere on the field.

Any team which deliberately locks the ball in the scrum to trap defenders in an offside position will also be penalised (this will also be a full penalty).

### Methodology change:

All defending players (except those who have taken up a position as Marker(s)) must retire 10m\* from the point at which the ball is played, or to their own goal line. To comply with this requirement, all defending players must have both feet in line with – or behind – the Referee marking the 10 metres\*. The Referee will call “go” once the ball has been played backwards and then the defensive line is entitled to move forward. (\*5 metres in the 13 and 14 year age groups).

If the defensive line is within 10m\* of their own goal line, the players:

- Must be touching the goal line with a foot, and
- The defenders cannot place their front foot past the centre of the ruck

- 1.3. The objectives of these Regulations are:
  - (a) To reduce the amount of violence in games played in NRL VIC.
  - (b) To take pressure off young and inexperienced referees and match officials.
  - (c) To make the Rugby League experience safe, fair and fun for all.
  - (d) To encourage increased participation in the game.

With the desired outcomes to be:

- Reduced on field violence.
- Elimination of unsavoury behaviour towards referees.
- Stop "all in" melees.
- Remove repeat offenders from the game (both teams and individuals).
- Reduce the number of matches being threatened with abandonment due to poor behaviour.
- Stop spectators from entering the field.
- Educate players at a young age that violence in our game will not be tolerated.

### 2. Laws of the Game

- 2.1. The Laws of the Game state the following regarding Misconduct:

*"SECTION 15 - PLAYER'S MISCONDUCT - 1. A player is guilty of misconduct if he: a) Trips, kicks or strikes another player."*

**Note: Offences under Section 15, 1.a) of the Laws of the Game as per above are considered to be Foul Play and may warrant instant dismissal.**

**The Sin Bin is NOT to be used for these offences.**

### 3. Zero Tolerance of Striking and Kicking

- 3.1. NRL VIC adopts a zero-tolerance policy towards Striking and Kicking.
- 3.2. Any player who kicks or strikes another player during a match will be automatically dismissed from the field. If that player is subsequently found guilty of either Striking or Kicking, **the MINIMUM penalty will be a Grade 1 Striking or Kicking Offence under NRL Victoria's Judiciary Penalties and Procedures.**
- 3.3. Any player who attempts to kick or strike another player without making connection with the player will be automatically dismissed from the field and charged with Contrary Conduct. If that player is subsequently found guilty, **the MINIMUM penalty will be a Grade 1 Contrary Conduct Offence under NRL Victoria's Judiciary Penalties and Procedures.**
- 3.4. Any player found guilty of breaching 3.2 and/or 3.3 for the third time in a season will incur an automatic **MINIMUM twelve month suspension** from the game.

#### 4. Zero Tolerance of Fighting and Melees

- 4.1. NRL VIC adopts a zero-tolerance policy towards Fighting and Melees.
- 4.2. A Melee is considered to be Misconduct involving more than two players at any one time.
- 4.3. A **“TIME OUT”** system will be introduced whenever a severe “Melee” occurs as follows:
  - (a) The referee will signal a “TIME OUT” period and call for the ground manager to bring both coaches’ onto the field.
  - (b) Teams are to be taken to opposite ends of the field and spoken to by their respective coaches.
  - (c) The referee will then dismiss from the field offending players under these regulations (3.2).
  - (d) The ground manager and referees will decide when play will resume.
- 4.4. A repeat “Melee” will result in the match automatically being abandoned.
- 4.5. If a match is abandoned after a time out period, the respective coaches from the offending teams will be charged under the NRL VIC Code of Conduct.
- 4.6. Additional Code of Conduct charges and Penalties applied to teams, players, coaches and/or clubs for abandoned games will be at the discretion of NRL VIC.
- 4.7. Any matches abandoned as a result of these regulations will not be replayed and the result of the match shall be determined at the discretion of NRL VIC.
- 4.8. Any team that has had more than two abandoned matches in a season will be automatically disqualified from that competition for that season.
- 4.9. Any player or official who runs onto the field of play from the team “bench” area (including “Sin Bin”) during a match, irrespective of making physical contact with another player or official, will be automatically sent from the field and incur a **MINIMUM six match suspension** if found guilty.

  - placing person in a vulnerable position
 they will be **disqualified from the game for a MIMIMUM period of five (5) years.**

- 5.5. Any spectator who verbally abuses or intimidates a referee or match official will be dismissed from the venue. If that person is subsequently determined to be guilty of the offence, **the MINIMUM penalty will be a one match suspension.**
- 5.6. Any player or official found guilty of verbally abusing or intimidating a referee or match official for the third time in a season will incur an **automatic MINIMUM twelve month's suspension.**
6. **Trainers, Coaches and Managers**

  - 7.2. In addition, the team and/or club that the person offending under 7.1 is associated with will be charged under the NRL VIC Code of Conduct.
8. **Exceptions for Dismissals**
  - 8.1. Exceptions for Dismissals shall only apply to Players in Mini and Mod matches (i.e., matches for age groups Under 12s and below where players shall be "replaced" for the remainder of the match). These players are reported under the NRLVIC Code of Conduct Process. All other participants such as coaches, trainers, spectators, etc. dismissals shall apply. All other aspects of these regulations shall still apply to Mini and Mod matches.

## Appendix 2 – Grading of Offences that Result in a Dismissal

### Misconduct Gradings

- Referees should not apply gradings based on what they think the length of suspensions should be and submit based solely on grading description. Basing gradings on suspensions and not grading description presents a risk to challenge by player at judiciary hearing
- Providing a strict guide to gradings is difficult as there a multitude of facets to consider
- Grading assessments for Misconduct need to consider the following:
  - **Outcome** – e.g. opponent is injured as a result of misconduct and cannot return to play (most severe), no impact to opponent (least severe)
  - **Risk** – potential for opponent to be injured severely even if they are not (e.g. spear tackle, where player is forcibly driven into ground from the vertical (extremely high risk), but player is not hurt – still most severe)
  - **Intent** – high tackle categories already cover intent, for other charges if there is clear intent/premeditation (most severe), reckless (severe), careless (least severe).
  - **Context** – ground/weather conditions may affect a player’s ability to take action to avoid contact, provocation of opponent, self-defence action rather than retaliation, etc.
- Each incident should be treated on its own merits based on a mix of the above

### Before Player is Dismissed – Multiple Misconduct Incidents

- A referee may make multiple misconduct charges for incidents occurring prior to dismissal.
- When submitting charges for multiple incidents the Referee can do so in 1 of 2 ways:
  - submit misconduct report for each incident; OR
  - submit one report with each charge marked BUT, in the description, **CLEARLY** articulate the separate incidents
- Example of multiple misconduct incidents may be (albeit unlikely but possible):
  - Player makes head high tackle – charge 1
  - Scuffle follows, then player kicks another player – charge 2
  - Order is re-stored, but a secondary scuffle in another group happens, and player then goes and strikes another player – charge 3
  - Order is re-stored, Referee about to control situation, player then motions an offensive gesture to crowd in contrary manner – charge 4
  - Referee calls player over, and before referee dismissed, player abuses referee – charge 5
- Note that because a player makes multiple strikes on an opponent or strikes multiple opponents in same scuffle this **does not constitute multiple charges** and would only be a single charge.
- However, a player can answer more than one of the same charges should each incident be clearly separate incidents, for example:
  - Player strikes a player (first Striking charge 1), scuffle ensues, and order restored. A new clearly separate scuffle occurs, and same player strikes a player (second Striking charge)

### After Player Is Dismissed – Code of Conduct

- Once the Referee has made the signal for a player to be dismissed from the match, any action after this point by the player is subject to the Code of Conduct.
- For example, after Referee has directed the player to leave; the player - when leaving - may breach the Code through actions such as abuse of the Referee, gestures of contrary nature to any persons, physical altercations, etc.
- A separate Code of Conduct report should be submitted in addition to any misconduct charge(s)

## Appendix 3 – Dismissal, Code of Conduct, Availability Reports

These reports are now submitted via the “Resources” page on the VRLRA website. Please click the following link to view the reports: [Resources \(vrlra.com.au\)](https://vrlra.com.au)

## Appendix 4 – Summary of the Safeplay Code: 6 to 15 Years

The Safeplay Code is to be enforced across all 6 to 15 years' matches, and a penalty must be awarded where play breaks down.

In summary:

## Appendix 6– Masters Rugby League Rules

The game is for players over the age of 30 years for females and 35 years for males. The game is totally non-competitive. Scores are not kept; there are no results and no competitions. All the rules are designed to remove potentially dangerous elements of the game to allow players of ALL age groups to participate together.

All players are reminded that the safety of teammates and opponents is paramount and therefore any over-aggressive or inappropriate rough play is forbidden. The emphasis is on safe and enjoyable play with all players who come onto the field being able to leave the field together. All players, team officials and referees commit to participate according to the letter and the spirit of the Laws.

Note: all rules are as per 'international rules' unless an agreement between both teams and the referee has been approved prior to playing (possibly due to reduced playing numbers).

1. Full field
2. 11 a-side (flexible depending on available players)
3. Unlimited interchanges
4. Interchanges may occur at any time 5
5. If team numbers are low on either side, players may be 'loaned' to the opposition

Coloured shorts are not determined by age. You can wear them regardless of age a) Club shorts (full contact) b) Red shorts (hold) c) Gold shorts (touch)

No other coloured shorts can be worn for Red or Gold players and shorts **MUST** be supplied by the player/team.

**Making the Tackle** Club Colour short players tend to tackle each other normally. RED short players must attempt to physically stop the ball-carrier by a grip tackle between the waist and the shoulder. The ball-carrier should respond immediately to the Held call from the referee. If in the opinion of the referee the RED short player has made sufficient contact, he will call Held. Players should not attempt to drive through the tackle. GOLD short players must make a Touch tackle only. Once touched, the ball-carrier must return to the point of the touch to play-the-ball.

**Being Tackled** RED short players should be tackled by a grip tackle between the waist and the shoulder to stop progress. Under normal circumstances, RED short players should not be taken to the ground. If this occurs deliberately, the tackler will be penalised. RED short players should not attempt to drive through the tackle. GOLD short players should only be Touch tackled and this should be done with great caution. Once touched, the tackler should call the Touch and hold the mark; the ball-carrier must return to the point of the touch to play-the-ball. All tackles are to be made safely and in order to stop progress, not to attack the ball-carrier. In all cases, the player must respond immediately to the Held call. There is no lifting or throws allowed. The ball shall not be stolen from the ball-carrier at all.

A maximum of two GOLD short players is allowed on the field per team at any one time and they must be spaced apart in the defensive line.

There can be no "drag down" tackles from behind of any kind

### MODE OF PLAY

**Running with the Ball** Players may run as hard as they wish, but are not allowed to try and run over the top of other players. If in the opinion of the referee a player has deliberately run directly at an opponent in an overly-aggressive manner, the player will be penalised and may be removed from the game. Players are not allowed to fend or hand-off

**Sixth Tackle** There are no turnovers. Sixth tackle results in a scrum to the defending side.

**Kicking** You can only kick on the last tackle. For ALL kicks, the receiving team must receive the ball. The receiver must not be challenged and must be allowed to run at least five (5) metres. 40:20 rule does not apply. If the receiving team makes no attempt to claim the ball and kicking team players are onside, the referee may call “play on” and the kicking team may re-gather the ball. The referee will only call “play on” when they are certain there is no risk of player collision.

**CONVERSIONS** There are no kicks at goal.

**TIMEKEEPING** Duration of Games The game is 20 minutes each way with a 5 minute half time break. Each team will have a minimum of two games per event.

**TOUCH AND TOUCH-IN-GOAL** As per International Laws **KNOCK-ON AND FORWARD PASS** As per International Laws

**TACKLE AND PLAY-THE-BALL** Tackling All tackles should be modified to remove any element of “drive” or lifting. No tackles can be made above the armpits. Maximum of two players allowed in any tackle; any more will be punished with the award of a penalty

**Play-the-Ball** Markers must remain passive and must not move until the first receiver has received the ball or the dummy-half has started to run. All other defenders must retire five

(5) metres minimum at the play-the-ball. The dummy-half may run with the ball or pass and be tackled or touched in possession.

***The dummy-half may not run and score.***

**SCRUM** As per ‘International Rules’ unless playing team numbers are reduced. Then it becomes 3 forwards only. All scrums are uncontested with the team feeding the ball.
